In Fiscal Year 2014, the General Assembly included and the Governor approved a \$500 annual pay raise for all state employees, except elected officials, members of the general assembly and judges covered under the Missouri Citizens' Commission on Compensation for Elected Officials, beginning January 1, 2014 (12 pay periods). 4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The appropriation amount for the Fiscal Year 14 pay plan was based on the pay increase beginning in January, 2014 for the final twelve pay periods of the fiscal year. This requested amount is equivalent to the remaining twelve pay periods in order to provide the core funding necessary for a full fiscal year.

Several years ago the Department of Natural Resources (DNR) recognized the need to reach out to many types of facilities on a daily basis in the Lake of the Ozarks area. A satellite office was opened to offer compliance and other community assistance.

The Lake of the Ozarks satellite office staff are currently housed in a small three room house trailer. The trailer was purchased in the 1990s and is rapidly reaching the point of disrepair. A recent safety audit found many areas in need of repair including an analysis of the electrical system. Staff do not have access to water other than in the bathroom sink, storage space for necessary supplies, or space to meet with the public. To be effective in our assistance to the public, adequate space needs to be found.

A functional space analysis has been completed to ensure adequate space for staff and supplies, including a small lab area for sampling and space to greet and meet with customers. Space has been requested to accommodate two additional employees to ensure all required activities are completed in the Lake of the Ozarks area.

The Northeast Regional Office's (NERO) present facility was constructed in 1994 and renovated with an expansion of 2,000 square feet in 2001. This space was anticipated to be adequate until 2006. Currently, some staff must share cubicles with other staff and/or pieces of equipment (office and field equipment). This is disruptive to individual staff, especially when other staff are answering the phone or operating equipment in those offices. Further, the Environmental Emergency Response (EER)/storage garage is located six miles (approximately 20 minutes each way) from NERO. Ideally, the garage should be located at NERO to provide timely EER response, storage space and make retrieval of equipment and supplies more efficient. Fuel savings would also be realized. Increased security for the property would be achieved with a fenced lot and outside security cameras. These needs can be addressed by either expanding the current location or looking for a new building.

A functional space analysis was conducted for the Northeast Regional Office.

	Square Feet	FTE	Services \$3.48/sq. ft.	Existing Rental Rate \$7.60/sq. ft.	Budget Rental Rate \$11/sq. ft.	Total
Macon - New Space	14,131	43	\$ 49,176		\$ 155,441	\$ 204,617

Additional Funding Needed	4,011		\$ 13,958	\$ (76,912)	\$ 155,441	\$ 92,487

Current space is used by 41 Department of Natural Resources (DNR) staff and 1 Office of Administration, Information Technology Services Division (OA/ITSD) staff. The new space incorporates 1 DNR FTE that is planned to be shifted to the regional office.

Total additional funding requested for a new/expanded Northeast Regional Office facility is \$92,487, which is the estimated increased costs of services and rent above the core leasing budget for the current location.

The Missouri State Highway Patrol zone office, utilized by members of Troop C, Zones 3 and 4, is located in a building at 75 Elizabeth Avenue, Fenton, Missouri. The building, previously owned by the Missouri Department of Transportation (MoDOT), has been sold to The House Rabbit Society of Missouri (MRSB). The board of directors for MRSB and the Patrol have a mutual interest in the members of Zones 3 and 4 continuing to occupy the premises. The agreed upon lease amount is well below allowable amounts for the metropolitan St. Louis area. The Patrol has paid \$500 per year to rent this facility from MoDOT. There will now be an increased cost for the location.

The Children's Division and The Family Support Division are both in need of space in Cass County. Children's Division is anticipating 38 FTE needing to be housed in Cass County. They are currently unable to fill needed positions due to space issues. CD did attempt to outbase some workers in an effort to meet the growing client need in Cass County, however, this effort did not solve the need for additional space. Outbasing was difficult on the workers and interfered with providing service to clients. Family Support Division plans to establish a Food Stamp Processing Center in Cass County. This will encompass a minimum of 68 FTE. Current space available in Cass County is not adequate to develop this processing center.

The Northeast Community Treatment Center (NECTC) is currently non operational, youth and staff have temporarily been relocated. A 30 year lease ended June, 2013 on the 90 year old converted church rectory in which it was housed. The location would have required major renovations to meet fire codes and would have still been inadequate. A facility capable of housing two groups (20 beds) is needed to meet current and projected needs.
